Title Confidence Intervals for Standardized Regression Coefficients

Version 1.0.1.9000

Description Generates confidence intervals for standardized regression coefficients
using delta method standard errors for models fitted by lm()
as described in Yuan and Chan (2011) <doi:10.1007/s11336-011-9224-6>
and Jones and Waller (2015) <doi:10.1007/s11336-013-9380-y>.
A description of the package and code examples
are presented in Pesigan, Sun, and Cheung (2023) <doi:10.1080/00273171.2023.2201277>.
